

5th International Conference on Organic and Natural Rice Production Systems

A.P. Shinde Symposium Hall, NASC Complex, New Delhi | 21–25 September 2026

TECHNICAL PROGRAMME & SCIENTIFIC SCHEDULE

Keynotes, Plenaries, Oral Presentations & Poster Sessions

DAY 1 SCHEDULE

08:00 – 09:45 Registration & Delegate Welcome Reception

10:00 – 11:45 Inaugural Ceremony & Presidential Addresses

Details: Opening ceremony with distinguished dignitaries, ceremonial lighting of the lamp, release of conference publications, and inaugural addresses.

11:45 – 12:15 High Tea & Networking

12:15 – 13:00 Plenary Session-I

Chair: Dr. M. Hanumanthappa (Hon'ble Vice Chancellor, UAS-Raichur)
Co-Chair: Director (Research), ICAR-IARI, New Delhi, India
Convenors: Dr. Seema Sangwan (Sr. Scientist, ICAR-IARI, New Delhi) | Dr. Umesh Hiremath (Assistant Professor - SST, UAS Raichur)
Panellists: • **Dr. B.N. Singh** (Ex-Director, CRRI, Cuttack, India) — *Topic: Organic Kalanamak rice-based production system in North-Eastern Uttar Pradesh, India*
 • **Padma Shri (Dr.) Ashok K. Singh** (Former Director, ICAR-IARI, New Delhi, India) — *Topic: Biological Stress Management in Basmati Rice*

13:00 – 14:00 Conference Lunch

14:00 – 18:00 (Tea: 15:30–16:00) Theme I: Organic and Natural Rice Production Systems – Current Status

Chair: Dr. Vijay Kumar Yadav (Director - Seeds & Farm, CSAUAT-Kanpur)
Co-Chair: Dr. B.N. Singh (Ex-Director, CRRI, Cuttack, India)
Convenors: Dr. R. Vinoth (Faculty, Tamil Nadu Agricultural University, Coimbatore) | Mr. Vimal Kumar Sharma (Research Scholar, GDGU & National Advisor, AIASA)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Potential of rice cultivation up scaling through aligning traditional rice cultivation with natural farming in Meghalaya, India	Amit Anil Shahane CAU, Meghalaya, India
2	Exploration of Climate Smart Organic Farming in Nepal: Impact of Cover Crops on Rice Growth, Yield and Soil Health in Organic Management System	Achyut Gaire, Ram Kumar Shrestha, Kishor Dahal, Dilip Nandwani, Sabina Aryal and Asmita Ghimire Tribhuvan University, Nepal
3	Sustainable Management of Rice Sheath Blight Using Native Trichoderma spp. in Nepal	Ram Nandan Yadav, Hira Kaji Manandhar, Kishor Chandra Dahal, Gopal Bahadur K.C. and Laximeshwar Yadav Tribhuvan University, Nepal

4	Economics of Organic and Inorganic agriculture: A comparative study of rice cultivation in the Konkan belt of Maharashtra	Sharmita Ghosh <i>Amity University Mumbai, India</i>
5	Field performance of organic and natural nutrient management practices for sustainable rice production	Sandeep Singh, Ashish Kumar, Brijesh Kumar, Shreya Roy <i>ANDUAT, Ayodhya, India</i>
6	Evaluation of Biocontrol Formulations Against Sheath Blight Disease of Rice	Rathnamma H, Mahantashivayogayaa, Sujay Hurali, Shweta B.N. <i>UAS, Raichur, India</i>
7	Five years of regenerative agriculture in Eastern Uttar Pradesh: Can it deliver production, protection and profitability?	Ajay Kumar Mishra, Anthony Fulford, Sheetal Sharma, Manas Ranjan Sahoo, Kshitikanta Rout, Piyush Kumar Maurya, Raju Kumar and Raju Ahmed <i>IRRI, South Asia Regional Centre, Varanasi, Uttar Pradesh, India</i>

Poster Presentations

#	Poster Title	Author(s) & Affiliation
1	A participatory research journey in organic rice in Italy: from seed to field to landscape	Stefano Bocchi <i>University of Milano, Italy</i>
2	Comparative analysis of the energy and economic efficiency of organic rice in agroecological and conventional transition in the metropolitan region of Porto Alegre	Erika Fernanda Leme Silva <i>Brazil</i>
3	Current Status of Organic and Natural Rice Production Systems	Dr. Rakesh Kumar Singh <i>ICAR-KVK-II, Lakhimpur Kheri, UP, ICAR-IISR, Lucknow, India</i>
4	Direct Seeded Rice Production Under Organic and Natural Farming	Shwetha B.N., Rathnamma, Sujay Hurali, Mahantha Shivayagayya, Mallesha and Narappa <i>UAS Raichur, India</i>
5	Isolation, Screening and Characterization of Arsenic Resistant Silicate Solubilising Bacteria from the Rhizosphere of Paddy	Soumya Joshi, Nagaraj M Naik, Mahadevaswamy, Pampanagouda and Prabhuraj A <i>UAS, Raichur, India</i>

14:00 – 18:00 (Parallel Track) Theme II: Innovations and Emerging Technologies in Organic Rice Production Systems

Chair:	Dr. J.P. Sharma (Former Vice Chancellor, SKUAST-Jammu, India)
Co-Chair:	Dr. Gururaj Sunkad (Director of Education, UAS Raichur)
Convenors:	Dr. Vijaya Rani (Scientist, ICAR-IARI, New Delhi) Miss Mohammadi Begum (College of Agriculture, UAS Raichur)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Development and Field Validation of an Integrated Mechanical Weed Management Methodology for Organic Rice Production under Mediterranean Agroecological Conditions	Elisenda Franquet Borrás <i>CEO y Fundadora, Spain</i>
2	Host Plant Resistance Shapes the Gut Microbiome of Brown Planthopper: Reveals New Opportunities for Microbiome-Based Eco-Friendly Pest Management	Sucheta Roy, S.D. Mohapatra, Firdousi Sultana, Parameswaran, Raghu S, Golive Prasanthi, Abhishek Kumar Sahu, Annamalai M <i>ICAR-Central Rice Research Institute, Cuttack, Odisha, India</i>
3	Gut Bacterial Dynamics in Overwintering Rice Yellow Stem Borer Reveals Potential Targets for Microbiome-Based Eco-Friendly Sustainable Pest Management	Firdousi Sultana, S.D. Mohapatra, Sucheta Roy, Parameswaran C, Raghu S, Golive Prasanthi, Abhishek Kumar Sahu, Annamalai M <i>ICAR-Central Rice Research Institute, Cuttack, Odisha, India</i>
4	Improving productivity and profitability of rice rainfed lowland farmers through palayamanan system in Zamboanga del Sur	Guatno J.L, Baltonato R.T., Palma J.S. and Tuzon F.P. <i>Department of Agriculture–RFO IX, Philippines</i>

5	Green Pest Management Through Botanicals for Sustainable Rice Production in the TBP Command Area of Karnataka	Sujay Hurali, Mahantashivayogayya, Rathnamma, Shweta B.N. and Netra H. <i>UAS, Raichur, India</i>
6	Evaluation of soil application of seaweed extracts in paddy crop	Dr. Vishwanatha S <i>UAS, Raichur, India</i>
7	Integrated Pest Management in Organic Farming	Subhash Chander & Uzma Manzoor <i>Galgotias University, Greater Noida, UP, India</i>
8	Influence of legume integration and nutrient management on basmati rice productivity, profitability and soil health in long-term organic basmati rice–wheat system	Dinesh Kumar, Anita Kumawat, Y.S. Shivay and Vijay Pooniya <i>ICAR-IARI, New Delhi, India</i>
9	Phytochemical-Assisted Synthesis of Zinc Oxide Nanoparticles from Neem and Their Antifungal Efficacy Against Rice Brown Leaf Spot	M. Sunil Suriya, A. Muthukumar, K. Vignesh, V. Sathiya Aravindan & G. Balaji <i>Annamalai University, Tamil Nadu, India</i>
10	Assessment of rice (<i>Oryza sativa</i> L.) cultivars to salinity under hydroponic condition for seed quality	Poonam Dilip Patil, Vijay Kumar Kurnaliker, N.M. Shakuntala, Sangeeta Macha, Mukesh Kumar Meena and Kisan B <i>UAS, Raichur, India</i>
11	Yield, Heat Use and Economic Analysis of Rice (<i>Oryza sativa</i> L.) under Different Water Management and Crop Establishment Methods in Eastern U.P. Conditions	Kartikaya Choudhary, V.K. Srivastava, Vijay Bharti, Sahadeva Singh and Harshit Doda <i>Galgotias University, Greater Noida, India</i>
12	Physiological and Oxidative Responses of Resistant and Susceptible Rice Genotypes to <i>Magnaporthe oryzae</i> Infection	Akanksha Singh Yadav, Sahadeva Singh, Shivangi Srivastava, Jyoti Yadav and Shani Gulaiya <i>Galgotias University, Greater Noida, India</i>
13	Vardaan bio prom – an organic replacement for DAP in rice cultivation	Devendra Malik and Prasana Prabhu <i>SSIASTT, Art of Living International Centre, Bangalore, India</i>
14	Synergistic co-inoculation of <i>Pseudomonas protegens</i> and Arbuscular Mycorrhizal Fungi enhances growth, nutrient acquisition, and nitrogen assimilation in aerobic rice varieties	Ekta Narwal, Jairam Choudhary and Seema Sangwan <i>ICAR-IARI, New Delhi, India</i>
15	Performance of Rice (<i>Oryza sativa</i> L.) in response to Kyminasi Plant - Crop Booster (KPCB) and Natural Farming	Ashirbachan Mahapatra, Bibhudutta Misra, Nagaraju Poliparthi, Satya Prasad Nanda, Diptanu Banik and Fedaa Alo <i>Centurion University of Technology and Management, Odisha, India</i>
16	From evidence gaps to context-specific solutions: Multi-location assessment of low-input rice production systems in India	Anthony Fulford, Ajay Kumar Mishra, Ankita Paul, Piyush Kumar Maurya and Robin Choudhary <i>IRRI, South Asia Regional Centre, Varanasi, UP, India</i>
17	Enhancement of organic rice yield through foliar spray of fermented egg extract	S. Rathika, T. Ramesh, R. Vinoth <i>ICAR-KVK, Tamil Nadu Agricultural University, Tiruchirappalli, TN, India</i>

Poster Presentations

#	Poster Title	Author(s) & Affiliation
1	Transplanting system for rice seed production in the Filhos de Sepé settlement, Viamão/RS	Cleiton Jose Padilha <i>Brazil</i>
2	Effect of Different Moisture and Temperature Levels on Nitrogen Transformation under Varied Rice Ecosystems	Kumar Ashu Karn <i>Madhesh Agricultural University, Rajbiraj, Saptari, Nepal</i>
3	Empirical Management of Fly Ash and Biofertilizers in Organic and Sustainable Crop Production (Online)	Nidhi Upadhyay and Anuradha Dubey <i>Vardhman Mahaveer Open University, Kota, India</i>
4	Root Bio-Enhancement with <i>Piriformospora indica</i> for Drought Mitigation in Rice	Koya Madhuri <i>UAS, Raichur, India</i>

5	Cold Plasma Seed Treatment for Climate Resilient Rabi Rice Production under Low Temperature Stress	P. Sai Ram, Y. Bharathi, P. Jaganmohan Rao, M. Madhavi and K. Lakshmi prasanna <i>ICAR-IARI, New Delhi, India</i>
---	---	--

DAY 2 SCHEDULE

09:15 – 11:45

Theme III: Natural Rice Models for Sustainable Rice Production

Chair:	Prof. Masakazu Komatsuzaki (Professor, Ibaraki University, Japan)
Co-Chair:	Dr. Arunkumar Hosamani (Professor & Special Officer - Seeds, UAS Raichur)
Convenors:	Mr. Yatharth Mishra (National General Secretary, AIASA India) Mr. Sadanand Bheemaray Pujari (State President, AIASA Karnataka, India)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	No-Tillage and Cover Crops Enhance Organic Rice Production in Japan: Toward Regenerative Paddy Farming	Masakazu Komatsuzaki <i>Ibaraki University, Japan</i>
2	Transplanting system for rice seed production in the Filhos de Sepé settlement, Viamão/RS	Cleiton Jose Padilha <i>Brazil</i>
3	Natural Farming Enhances Productivity and Profitability of Premium Basmati Rice: Evidence from Farmer-Led Demonstrations in Peri-Urban Delhi	Samar Pal Singh, D.K. Rana, Kailash and Brijesh Yadav <i>KVK Delhi, India</i>
4	Livestock Integration and Paddy Risk Resilience: Community-Managed Natural Farming and Women Self-Help Group-Led Adoption in Andhra Pradesh	Lipsa Moharana and Dr. P. Alli <i>Vellore Institute of Technology, Chennai, Tamil Nadu, India</i>
5	Integrated Farm Income, Livestock Dependence, and the Financial Inclusion Paradox: A Pilot Study of Smallholder Households in Rural Tamil Nadu	Reshmika R <i>Vellore Institute of Technology, Chennai, Tamil Nadu, India</i>
6	Perception of living forces in rice crops	João Batista Amadeo Volkmann <i>Brazil</i>
7	Empowering Women, Strengthening Agriculture: The Role of Rice Production in Rural Development	Anju Kapri, Uzma Manzoor and Zainab Khan <i>Galgotias University, Greater Noida, India</i>
8	Harnessing Ecological Engineering to Enhance Farm Income and Sustainability in the TBP Command Area of Karnataka	Sujay Hurali, Basavanjali, Netra H., Mahantashivayogayya and Shweta B.N. <i>UAS Raichur, India</i>
9	Organic Farming — success story of Raigad District of Maharashtra	Talathi M.S., Mandavkar P.M., Manjrekar R.G., Arekar J.S., Padhye S.J., M.J. Gitte, S.G. Bhavé and S.R. Torane <i>Dr. Balasaheb Sawant Konkan Krushi Vidyapeeth, Dapoli, MS, India</i>
10	Kaipad: Conserving and Strengthening a Naturally Organic Rice Production System for Sustainable Livelihoods	Sanjubalan, T. Vanaja, A. Latha, Meera Manjusha A.V., Anupama S and Rajeshkumar PP <i>KAU–Pepper Research Station, Panniyur, Kerala, India</i>

09:15 – 11:45 (Parallel Track)

Theme IV: Climate Change Adaptation and Carbon-Neutral Rice Production Systems

Chair:	Dr. Madonna Carbon Casimero (Senior Scientist – Agronomist, IRRI)
Co-Chair:	Lt. (Dr.) Dean & Joint Director, ICAR-IARI, New Delhi, India
Convenors:	Mr. Abishek J. (Research Scholar, ICAR-IARI & Senior Vice President, AIASA) Representative of Art of Living (Sri Sri Institute of Agriculture & Technology Trust)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Nature's Gatekeepers: Mycorrhizal Regulation of Soil N₂O Emissions for Climate-Smart Agriculture	Seema Sangwan, Bavani U, Amir Khan, Prathyusha Suryapogu, Durga Pandey, Shubham Kumar <i>ICAR-IARI, New Delhi, India</i>
2	Mitigation of Net Methane Emissions and Yield Enhancement in Diverse Rice Varieties Through Plant Growth-Promoting Co-Inoculation of Methane-Utilizing Bacteria	Vijaya Rani, Ritu Tomar, Arti Bhatia, Rajeev Kaushik <i>ICAR-IARI, New Delhi, India</i>
3	Influence of Early-Season Weather Parameters on Rice Germination and Tillering	Santanu Kundu, Vijay Pooniya, Dinesh Kumar, Y.S. Shivay <i>ICAR-IARI, New Delhi, India</i>
4	Reducing reactive nitrogen loss through use of natural nitrification and urease inhibitors under lowland rice ecology	Rounak Alam, Dibyendu Chatterjee, Upendra Kumar, Pratap Bhattacharyya, Sangita Mohanty, Sushmita Munda <i>ICAR-CRRI, Cuttack, India</i>
5	SAFE Alternate Wetting and Drying for Rice Production in Southern Russia: A Comparative Review	Antwi Edmond Owusu <i>RUDN University, Moscow, Russia</i>
6	Effect of Climate-Resilient Rice Production Practices on Greenhouse Gas Emissions in Rice–Cowpea Cropping System in Cauvery Command Area of Karnataka	Sandeep S.N., P.S. Fathima, S.B. Yogananda, P. Thimme Gowda, Suma R, Sowmyalatha B.S., K.V. Shivakumar and Jasmitha B <i>Sri S. Kariappa College of Agriculture, UAS, Bangalore, India</i>
7	Greenhouse Gas Emissions in Rice: A Comparative Analysis of Aerobic vs. Flooded Rice Systems (Video)	Jinsy V.S. and Shalini Pillai P <i>KVK Kannur, Kerala Agricultural University, Kerala, India</i>
8	Climate-Resilient Water Management for Low-Emission Rice Production: Integrating Drought Vulnerability and Greenhouse Gas Mitigation in Tamil Nadu	Guruanand C, Boomiraj K, Geethalakshmi V, Dheebakaran Ga, Babu Rajendra Prasad V, Naresh Kumar S, Jagasri S and Abinaya R <i>Tamil Nadu Agricultural University, Coimbatore, India</i>
9	Demonstration of Salt Tolerant Paddy Variety GNV-1109 for Enhancing Productivity in Saline Soils	Radha J, Raghavendra Y, Jyothi R, Narappa G, Kavitha U, Revathi R.M., Mallesh and Mamatha M <i>ICAR-KVK, Gangavathi, UAS Raichur, India</i>

Poster Presentations

#	Poster Title	Author(s) & Affiliation
1	Two decades of diversified organic nutrient management sustain productivity and reduce environmental footprints in an organic basmati rice–wheat system	Nilutpal Saikia <i>ICAR-IARI, New Delhi, India</i>
2	Accelerated domestication of tetraploid wild rice (<i>Oryza alta</i>) for climate-ready production systems	J.J. Patel, N.B. Patel, R.A. Gami and Bhaskar Modi <i>C.P. College of Agriculture, SDAU, Gujarat, India</i>
3	Carbon Sequestration and Climate Benefits in Organic Rice Systems	Varsha Pandey, Deepak Kumar, Sahadeva Singh, Y.V. Singh <i>Galgotias University, Greater Noida, India</i>

11:45 – 12:00

Tea Break

12:00 – 13:00

Plenary Session-II

Chair:	Dr. S.V. Suresha (Hon'ble Vice Chancellor, UAS-Bangalore, India)
Co-Chair:	Dr. Rajaram Tripathi (Chairman, Kisan Kalyan Manch, AIASA & CHAMP; Member, NMPB, Govt of India)
Convenors:	Mr. John Christian C. (Department of Agriculture, Southern Cagayan Research Center, Philippines) Ms. Mahima Choudhary (National Treasurer, AIASA India)
Panellists:	• Prof. Stefano Bocchi (Professor, University of Milano, Italy) — <i>Topic: Organic rice production in Europe</i> • Lt. (Dr.) Vijay Kumar Kurnalliker (Associate Professor (SST), University of Agricultural Sciences, Raichur, India) — <i>Topic: A novel technology: Hydroponically grown seedling of rice</i>

13:00 – 14:00

Conference Lunch

 14:00 – 18:00 (Tea:
15:30–16:00)

Theme V: Soil, Water and Plant Health Management

Chair:	Prof. (Dr.) Ch. Srinivasa Rao (Hon'ble Director, ICAR-IARI, New Delhi, India)
Co-Chair:	Sri Prasanna Prabhu (Chairman, Sri Sri Institute of Agricultural Sciences & Technology Trust, Art of Living)
Convenors:	Dr. Balaji G. (State Secretary, AIASA Tamil Nadu, India) Dr. Achyut Gaire (Assistant Professor, Tribhuvan University, Nepal)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Pomerite® for climate-resilient organic and natural rice production	Y.V. Singh, K. Downing, J. Jeremiah, D. Short, G. Short <i>SafeRock Ltd., London, UK</i>
2	Assessment of soil health under a twenty-five-year-old long-term experiment with rice–wheat cropping system in the Upper Indo-Gangetic Plains	Sunanda Biswas, Debashis Dutta, Priya Singh, Kalyani Patil <i>ICAR-IARI, New Delhi, India</i>
3	Feasible Options for Integrated Management of Plant-Parasitic Nematodes in Organic Rice Production Systems	Hari Shankar Gaur and Uzma Manzoor <i>Galgotias University, Greater Noida, UP, India</i>
4	Synergistic interactions between rice-based cropping systems and organic nutrient management: Insights into aggregate C-N stoichiometry and yield dynamics	Bharat H. Gawade, Sharad, Vishal S. Somvanshi, Pardeep Kumar and V. Celia Chalam <i>ICAR-IARI, New Delhi, India</i>
5	Integrated Disease Management of False Smut in Upland Rice Through Optimized Sowing Time and Resistant Genotypes	Pankaj Kumar Singh & Dr. Shalini Lal <i>Dr. Shyama Prasad Mukherjee University (DSPMU), Ranchi, Jharkhand, India</i>
6	Nitrogen and Potassium Dynamics in Soil of Organic Basmati Rice (<i>Oryza sativa</i> L.): Responses to Diversified Nutrient Sources	Jungjit Critykar, Y.S. Shivay and Dinesh Kumar <i>Tribhuvan University, Nepal</i>
7	Influence of natural mineral Pomerite® application on growth, productivity and soil microbial health — a review	Suraj Kumar, Sahadeva Singh and Y.V. Singh <i>Galgotias University, Greater Noida, UP, India</i>
8	Molecular Screening of Rice Genotypes for Salinity Tolerance Using SSR Markers	Patil Poonam Dilip, Vijay Kumar Kurnalliker, N.M. Shakuntala, Sangeeta I. Macha, Mukesh Kumar Meena, Kisan B. and C. Gireesh <i>UAS Raichur, India</i>
9	Standardization and Comparative Evaluation of Salinity Stress Levels for Rice Seed Germination Using the Paper Towel Method Under Laboratory Conditions	Patil Poonam Dilip, Vijay Kumar Kurnalliker, N.M. Shakuntala, Sangeeta I. Macha, Mukesh Kumar Meena, Kisan B. and C. Gireesh <i>UAS Raichur, India</i>
10	A Hidden HMA–GH10 Interface in Rice Sheath Blight: Computational Prioritization of the OSHIPP25–AG1IA_04663 Interaction (Online)	Archita Patra, Sonupriya Sahu, Debajyoti Samal, Jatindranath Mohanty, Raj Kumar Joshi, Rukmini Mishra <i>Centurion University of Technology & Management, Odisha, India</i>
11	Organic Nutrient Inputs Differentially Regulate C-N Dynamics under Lowland Aromatic Rice Soil	Pappu Saha, Debarati Bhaduri, Sangita Mohanty, Sushmita Munda <i>ICAR-Central Rice Research Institute, Cuttack, India</i>
12	Biosurfactant from Native <i>Bacillus</i> spp.: Spectral, Chromatographic, Thermal and In Silico Characterization for Rice Disease Management	V. Sathya Aravindan, T. Suthin Raj, K. Periyam, M. Sunil Suriya, K. Suba, G. Balaji, A. Santha, M. Indhumathi <i>Annamalai University, Tamil Nadu, India</i>
13	Emerging Technologies for Integrated Nutrient & Pest/Disease Management Using Microbial Consortia of Bio-Inoculants on Various Crops	Jagpal Singh, T.P. Rajendran, Riazuddin and Manish Kumar Sharma <i>FARMER Voluntary Centre, Ghaziabad, UP, India</i>

14	Long-term effect of organic manures on crop productivity and soil properties under transplanted rice	Shwetha B.N., Masthana Reddy B.G., Rathnamma, Sujay Hurali, Mahantha Shivayagayya, Mallesha and Narappa <i>UAS Raichur, India</i>
15	Addressing Water Problems to Increase Paddy Yield in the Cauvery Delta Zone (Online)	R. Gopinath, Aparajay Kumar, K. Ugalechumi, R. Rengalakshmi & R. Rajakumar <i>M.S. Swaminathan Research Foundation, Chennai, India</i>
16	First Record of Neotropical Whitefly, <i>Aleurotrachelus atratus</i> Hempel (Hemiptera: Aleyrodidae) infesting Neem (<i>Azadirachta indica</i>) in India	Dr. Ravikumar D. Dodiya <i>SDAU, Mundra-Kachchh, Gujarat, India</i>
17	Effect of Nitrogen and weed management on Soil nitrogen fractions under Conservation Agriculture in an Inceptisol	Vishwanath, V. K. Sharma, Sarvendra Kumar, T.K. Das, Abir Dey, Debarup Das, Aman Dumka, Aakanksha Gupta and Arkaprava Roy <i>ICAR-IARI, New Delhi, India</i>
18	Jagpaavani bioculture – an alternative to chemicals in rice-based farming systems	Kaveri Devaiah M and Prakash Chandra Jha <i>SSIATTT, Art of Living International Centre, Bangalore, India</i>
19	Productivity and Soil Health under Organic and Natural Farming in Rice-Based Cropping Systems	B. Raghavendra Goud, Dibyendu Chatterjee, Upendra Kumar, Annie Poonam, Rahul Tripathi, Sushmita Munda, Raghu S, Golive Prasanthi and Rupak Jena <i>ICAR-CRRI, Cuttack, Odisha, India</i>

Poster Presentations

#	Poster Title	Author(s) & Affiliation
1	Soil Health and Appropriate Nutrient Management for Sustainable Agriculture	Rahul Kumar Jat <i>SKNAU, Jobner, Jaipur, India</i>
2	Organic Nutrient Management for Soil Health Restoration and Sustainable Agricultural Production	Anju Ghasil <i>RARI, Durgapura, SKNAU, Jobner, Jaipur, India</i>
3	Weed pressure-mediated performance of rice cultivars in direct-seeded rice	Koya Madhuri Mani, Ananda N., R. Mahender Kumar, Umesh M.R., Ramesh Y.M., Gireesh C. and Meena M.K. <i>UAS Raichur, India</i>
4	Influence of Weed Management Practices on Weed Group Dynamics in Semi-Dry Direct-Seeded Rice	Nelapati Sowmya <i>Acharya N.G. Ranga Agricultural University, Bapatla, AP, India</i>

16:00 – 17:30 (Parallel Track) Theme VI: Food Quality, Nutrition and Human Health

Chair:	Prof. Mizuhiko Nishida (Professor, Tohoku University, Japan)
Co-Chair:	Dr. Gururaj Sunkad (Director of Education, UAS Raichur)
Keynote:	Dr. Arunkumar Hosamani (Professor (Entomology) & Special Officer (Seeds), UAS Raichur): <i>Exploration of biological control tools to promote the organic cultivation of rice in North Eastern Karnataka</i>

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Low-Glycemic Rice for Health-Conscious and Sustainable Rice Systems: Field Performance in Northern Philippines	Madonna Casimero, Johannes Mendoza, Gemma Baguinon, Ferdinand Enriquez and Marvin Luis <i>International Rice Research Institute, Philippines</i>
2	QTLs for grain protein, iron, zinc and antioxidant enhancement in rice	Elssa Pandit, P. Sanghamitra, S.R. Barik and S.K. Pradhan <i>Fakir Mohan University, Balasore, Odisha, India</i>
3	Organic production of Basmati rice improves grain quality	Vatsala Vashistha, Dinesh Kumar, Y.S. Shivay <i>ICAR-IARI, New Delhi, India</i>

4	Identification of resistance sources against pulse weevil (<i>Callosobruchus</i> spp.) in pea (<i>Pisum sativum</i>) core set and wild <i>Pisum</i> relatives under artificial infestation conditions	Tanisha Passah, Kavita Gupta, Rakesh Singh, Kuldeep Tripathi, Rakesh Bhardwaj <i>ICAR-IARI, New Delhi, India</i>
---	--	---

DAY 3 SCHEDULE

09:15 – 11:15

Theme VII: AI-Driven Mechanisation and Digital Intelligence for Organic Rice Production Systems

Chair:	Dr. Indra Mani (Hon'ble Vice Chancellor, VNMKV, Parbhani, India)
Co-Chair:	Dr. Lea C. Deriquito (Division Chief - Advocacy & Policy, National Organic Agriculture Program, Department of Agriculture, Philippines)
Keynote:	Dr. S.D. Mohapatra (Head, Plant Protection, ICAR-CRRI, Cuttack): <i>Applications of Artificial Intelligence (AI), Internet of Things (IoT), and Remote Sensing in Organic Rice Production Systems</i>

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	Design and Development of an IoT-Based Decorticator-cum-Winnower Machine for Sal Seed (<i>Shorea robusta</i>)	Homendra Kumar Sahu, Pramod Kumar Omre, Treveni Prashd Singh, Ravi Saxena, Sushil Singh Bhandhari <i>GBPUAT, Pantnagar, Uttarakhand, India</i>
2	Performance evaluation of agricultural drones for rice production in Cagayan, Philippines	John Christian C. Gealone, Bon Jovi A. Madayag, Jude I. Sagun, Eddie T. Rodriguez, Ronald I. Agpaoa <i>Department of Agriculture, Southern Cagayan Research Center, Philippines</i>
3	Performance of drone-assisted herbicide application at different spray volumes for weed management in wet direct-seeded rice	John Christian C. Gealone, Bon Jovi A. Madayag, Jude I. Sagun, Eddie T. Rodriguez <i>Southern Cagayan Research Center, Philippines</i>
4	From Empirical Evidence to Digital Intelligence: Towards an AI-Enabled WhatsApp Decision-Support System for Sustainable Rice Cultivation	G. Balaji and M. Kavaskar <i>Annamalai University, Tamil Nadu, India</i>
5	Carbon-Smart, Water-Smart and Market-Smart Organic Rice Production: An Integrated Framework for Improving Resource Efficiency and Farmer Value	Kishan Kumawat and Vijay Kumar Kuranalliker <i>UAS Raichur, India</i>

Poster Presentations

#	Poster Title	Author(s) & Affiliation
1	Geospatial Intelligence for AI-Based Assessment of Soil Fertility and Crop Performance in Organic Rice Ecosystems	Tarun Kshatriya T <i>Tamil Nadu Agricultural University, Coimbatore, India</i>

11:15 – 11:45

Tea Break

11:45 – 13:00

Theme VIII: Scaling, Value Chains and Market Opportunities

Chair:	Dr. Triveni Dutt (Hon'ble Vice Chancellor, SVBPUAT, Meerut, UP, India)
Co-Chair:	Elisenda Franquet Borrás (Spain)

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	From Regenerative Farming to Regenerative Markets: Financing Nature Restoration Through Agricultural Value Chains	Elisenda Franquet Borrás <i>Spain</i>
2	Fortified Rice Supply Chain under the Public Distribution System: Stakeholder Perceptions and Value Chain Analysis	Kumud Shukla <i>Galgotias University, Greater Noida, India</i>

3	Rice in the Hills: Mapping Cultivation, Seed Preferences and Market Opportunities in Himachal Pradesh	Anshumant Sharma and Harshit Doda <i>Lovely Professional University, Phagwara, Punjab, India</i>
---	--	---

13:00 – 14:00

Conference Lunch

14:00 – 15:30

Theme IX: Policy, Institutions, and Capacity Building-Youth & Farmers Perspectives

Chair:	Prof. Stefano Bocchi (Professor, University of Milan, Italy)
Co-Chair:	Dr. A.K. Mishra (NRAA, Government of India, New Delhi, India)
Keynote:	Dr. Mahadevswamy M (Associate Director of Research, UAS Raichur): <i>Importance of microbes in organic rice production</i>

Oral Presentations

#	Paper Title	Presenting Author(s) & Affiliation
1	From Soil to Legacy: Youth Rising Through Organic Agriculture	San Juan B.F., Deriquito L.C. <i>National Organic Agriculture Program, Department of Agriculture, Philippines</i>
2	Operational Bottlenecks and Socio-Economic Profile of Stakeholders in the Fortified Rice Value Chain under PDS in Uttar Pradesh	Atul Chaudhary, Harshit Doda, Kumud Shukla, Anju Kapri <i>Galgotias University, Greater Noida, India</i>
3	Detection and identification of white tip nematode of rice, <i>Aphelenchoides besseyi</i>, in imported paddy germplasm and managing its biosecurity threat	Shalini L., Alli P. <i>Vellore Institute of Technology, Chennai, India</i>
4	Post-Harvest Losses in Agricultural Value Chains: A Bibliometric Analysis of Research Trends and Emerging Technologies	Harshit Doda <i>Galgotias University, India</i>
5	Natural Farming in India: A Policy Pathway for Sustainable Natural Rice Production	Sahadeva Singh, Vimal Kumar Sharma, Ashirbachan Mahapatra, Deepak Kumar, Hrithik Ranjan Singh, Suraj Kumar, Akanksha Singh, Vineet Kumar <i>Galgotias University, India</i>
6	Standardization of screen aperture size for seed grading in paddy variety GNV-1109	Umesh Hiremath, Radha J, Arunkumar Hosamani, Priyanka M, Vijay Kumar Kurnalliker, Hanumanthappa D <i>UAS Raichur, Karnataka, India</i>
7	Studies on Strengthening the Quality Seed Chain through Breeder and Foundation Seed Production of Paddy Improved White Ponni	R. Vinoth, J. Gokulakrishnan, A. Thanga Hkavin, Hemavathy and S. Rathika <i>TNAU, Kumulur, Trichy, Tamil Nadu, India</i>

15:30 – 15:45

Tea Break

15:45 – 16:30

Networking & Industry Video/Oral Presentations

Coordinator:	Mr. Ninaad Mahajan (National President, AIASA India)
---------------------	--

16:30 – 17:30

Concluding & Prize Distribution Session

Flow:	16:30 – 16:35: Welcome Address by Dr. Vijay Kumar K. (Associate Professor, UAS-Raichur, India) 16:35 – 16:45: Presentation of Conference Recommendations by Prof. (Dr.) Vijay K. Yadav (Director - Seeds & Farmers, CSUAT-Kanpur, UP, India) 16:45 – 16:55: Conferment of Awards & Prize Distribution (Young Scientist, Best Poster, Lifetime Achievement) 16:55 – 17:20: Presidential Address by Padma Bhushan (Dr.) R. B. Singh (Patron, AIASA) 17:20 – 17:30: Official Vote of Thanks by Dr. Vijay Kumar K. (Associate Professor, UAS-Raichur)
--------------	--

DAY 4 SCHEDULE

08:30 – 10:30

Farmer-Scientist Dialogue & Policy Roundtables

Details: Direct interaction between international researchers, agrarian policy makers, progressive organic growers, and farmer-producer organizations (FPOs).

11:00 – 17:30

Technical Exposure Visit to ICAR-IIFSR & Model Rice Fields

Details: On-site demonstrations of long-term organic farming research experiments, integrated cropping systems, organic bio-input units, and progressive farmers' fields.

DAY 5 SCHEDULE

08:00 – 14:00

Specialized Field Excursion & Agrarian Ecosystem Tour

Details: Guided field visit to model peri-urban regenerative agriculture farms, demonstration of natural pest management, local biodiversity corridors, and networking lunch.

14:30 – 16:00

Declaration of Policy Communiqué & Formal Conference Adjournment

Details: Final compilation of conference declarations, distribution of delegate participation certificates, and conclusion of the ORP-5 global gathering.
