About ORP-5

Growing global concern over the health and environmental impacts of conventional agricultural systems has accelerated the adoption of organic and natural rice production systems worldwide. As the staple food for the majority of the global population, rice plays a critical role in food and nutritional security, making sustainable rice production a global priority. To foster international dialogue and innovation in this area, a series of International Symposia on Organic Rice Production Systems has been organised since 2012, with previous conferences held in France (2012), Italy (2015), Brazil (2018), and Japan (2023).

Building on this strong legacy, the 5th International Conference on Organic and Natural Rice Production Systems (ORP-5) will be jointly organised by the All India Agricultural Students Association (AIASA), the University of Agricultural Sciences, Raichur, and IPB University, Indonesia, during 21–25 September 2026 in New Delhi, India.

ORP-5 is a global platform dedicated to advancing sustainable, climate-resilient, and eco-friendly rice production systems. The conference will showcase innovations and research in organic and natural rice production systems, soil health management, bio-inputs, pest and disease management, water-efficient technologies, and sustainable value chains. ORP-5 will facilitate knowledge exchange through plenary sessions, technical sessions, poster presentations, and networking, bringing together scientists, farmers, policymakers, students, and industry stakeholders to strengthen global collaboration for sustainable rice-based agri-food systems.

Significance of ORP-5

ORP-5 will play a crucial role in promoting sustainable agriculture by addressing environmental challenges, improving farmers' livelihoods, and ensuring safe and nutritious food for future generations. The conference will contribute to global efforts towards the Sustainable Development Goals (SDGs) related to food security, health, climate action, and environmental sustainability.

Objectives of ORP-5

The conference seeks to stimulate and strengthen dialogue and collaboration among scientists, rice growers, policymakers, industry stakeholders, and development organisations across the organic and natural rice production and commercialisation chain. Specifically, ORP-5 aims to:

- Assess the practical knowledge, performance, and functioning of current organic and natural rice production systems.
- Identify suitable nutrients, pests, and disease management strategies for organic and natural rice production systems.
- Share available innovations and identify constraints and bottlenecks hindering the advancement of organic and natural rice production systems.
- Analyse the impacts of organic and natural rice production systems on food quality, human health, and the environment.
- Strengthen the international innovation and knowledge network on sustainable rice production systems.
- Explore the challenges, levels, and consequences of scaling up organic and natural rice production systems across the agri-food value chain.

About the Organisers

All India Agricultural Students Association (AIASA), India

The All India Agricultural Students Association (AIASA) is a national-level professional organisation committed to academic excellence, leadership development, and advancement of agriculture through education, research, and innovation. AIASA actively works with students, researchers, academicians, agro-industries and farming communities to promote sustainable agriculture, policy awareness, and capacity building. AIASA plays a vital role in organising national and international conferences, workshops, and outreach programs focused on sustainable and climate-resilient agriculture.

University of Agricultural Sciences, Raichur (UAS Raichur), India

The University of Agricultural Sciences (UAS) is a premier state agricultural university in Karnataka, dedicated to education, research, and

extension in agriculture and allied sciences. It plays a key role in promoting scientific farming, sustainable technologies, and rural development. UAS offers undergraduate, postgraduate, and doctoral programs across major agricultural disciplines and provides strong practical training through well-equipped laboratories, research farms, and Krishi Vigyan Kendras. The university contributes significantly to farmer training, innovation, and region-specific agricultural solutions, strengthening agricultural growth and food security in the state.

Institut Pertanian Bogor (IPB University), Indonesia

IPB University (Institut Pertanian Bogor), Indonesia, is one of Asia's leading agricultural and life sciences institutions, renowned for excellence in education, research, innovation, and policy leadership in food, agriculture, environment, and sustainability. With a strong international presence and extensive collaboration networks, IPB University plays a pivotal role in advancing climate-smart agriculture, natural resource management, and resilient food systems. Its cutting-edge programmes, modern research infrastructure, and commitment to sustainable development make IPB University a key global partner in promoting organic and natural farming practices.

About the Supporting Organisation

Government of India

Ministry of Agriculture & Farmers Welfare

The Ministry of Agriculture & Farmers Welfare, Government of India, is the apex governmental body responsible for developing agriculture and farmers' welfare through policy formulation, research promotion, technology dissemination, and sustainable agricultural development across the country.

National Bank for Agriculture and Rural Development

The National Bank for Agriculture and Rural Development (NABARD) is India's apex development financial institution for agriculture and rural development. Established in 1982, it supports Farmer Producer Organisations, rural infrastructure, watershed programmes, and climate-resilient farming systems, and actively promotes organic and natural farming through

credit, capacity building, and market linkage initiatives.

Knowledge partner

IRRI – International Rice Research Institute

The International Rice Research Institute (IRRI) is a leading international agricultural research institution focused on rice science, innovation, and sustainable rice-based food systems. It works globally to advance rice research, strengthen food and nutritional security, and support resilient and sustainable rice production.

SSIAST - Sri Sri Institute of Agricultural Sciences and Technology (SSIAST)

SSIAST advances natural farming through indigenous seed conservation, farmer training, soil regeneration, and chemical-free agricultural practices, supporting resilient and sustainable farming communities.

Technical Collaborating Partners

- Centurion University of Technology and Management (CUTM), Odisha
- SafeRock® Limited, United Kingdom
- Horizon e-Publishing Group, Thiruvananthapuram, Kerala, India

Major Conference Themes and Sub-Themes -ORP-5

Theme I: Organic and Natural Rice Production Systems – Current Status

Sub-Themes: Assessment of existing organic and natural rice production practices, Field performance, productivity, and yield stability, and farmer-level experiences across diverse agro-ecologies.

Theme II: Innovations and Emerging Technologies in Organic Rice Production Systems

Sub-Themes: Innovative organic technologies, bio-inputs, biofertilizers, and biopesticides, best practices, cost-effective farmers' innovation models, and successful international case studies

Theme III: Natural Rice Models for Sustainable Rice Production

Sub-Theme: Zero-budget natural farming, ecological and regenerative rice farming

approaches, region-specific natural farming practices, Integration of livestock and diversified farming systems

Theme IV: Climate Change Adaptation and Carbon-Neutral Rice Production Systems

Sub-Theme: Climate-resilient production systems, mitigation strategies, carbon budgeting, and low-emission rice production systems.

Theme V: Soil, Water and Plant Health Management

Sub-Theme: Soil fertility enhancement and organic nutrient management, soil microbiome and biological soil health, water-efficient and alternate wetting and drying (AWD) systems, carbon sequestration, and integrated pest, disease, and weed management.

Theme VI: Food Quality, Nutrition and Human Health

Sub-Theme: Grain quality, food safety, nutritional attributes, residue-free production, and traceability, health impacts and consumer perceptions, value addition and fortified organic rice

Theme VII: AI-Driven Mechanisation and Digital Intelligence for Organic Rice Production Systems

Sub-Theme: Leveraging Artificial Intelligence, Data Analytics, IoT, Precision Farming, and Smart Decision Support Systems for Sustainable Organic Rice Production Systems

Theme VIII: Scaling, Value Chains, and Market Opportunities

Sub-Theme: Scaling up organic and natural rice production systems, sustainable supply chains and market linkages, branding, certification, and traceability systems, value chain integration, export potential, and domestic market development

Theme IX: Policy, Institutions, and Capacity Building-Youth & Farmers Perspectives

Sub-Theme: Policy frameworks, institutional support mechanisms, certification standards and regulatory challenges, capacity building, extension, and farmer training, role of youth, startups, and entrepreneurship in organic rice production systems

Publications

Selected abstracts will be published in the Souvenir & Abstract Book.

- Full-length papers will be published in the following Journal(s):
- **Special Issue of Plant Science Today** (Article Processing Charges: Rs. 16000/).

Who can participate?

ORP-5 is open to a wide range of national and international stakeholders involved in advancing sustainable, organic, and climate-resilient rice-based agri-food systems. Participation is encouraged from:

- Scientists and Researchers working in agriculture, organic and natural production systems, climate change, soil and plant health, and related disciplines
- Academicians and Faculty Members from agricultural universities and research institutions
- Students and Young Professionals (UG, PG, PhD, and post-doctoral researchers)
- Farmers and Farmer-Producer Organisations (FPOs) involved in organic and natural rice production systems
- Extension and Development Professionals
- Policymakers, Government Officials, and Planners involved in agriculture and the environment
- Industry Representatives and Agri-entrepreneurs, including bio-input companies, start-ups, and value-chain actors
- Certification Bodies working on sustainability and food systems
- International Organisations and Development Agencies engaged in sustainable agriculture and food security

Plenary sessions

World-renowned experts in the respective fields will deliver invited plenary lectures.

Technical sessions

- Expert Lectures from Keynote /Invite speakers
- Technical Sessions for Oral, Poster/Video Presentation
- Concluding and valedictory sessions

Call for papers

ORP-5 invites abstracts from academicians, researchers, and all others associated with the sectors for oral, poster/video presentations. All abstracts will be subjected to a blind peer review process and categorised for oral or poster presentation. All submitted papers must be based on original research and should not have been previously submitted for publication or presented at another conference. At least one of the authors of the abstract must register for the conference before the deadline for considering the abstract. All presentations, including oral and posters/video presentations, must be in English.

Guidelines for abstracts:

- The Scientific Committee welcomes abstracts for oral, poster, and video presentations. All abstracts should be written in **English**.
- The conference will be held in **English**.
- **Oral/Poster/Video Presentations**
- **Reviewing and Acceptance:** All submitted abstracts will be reviewed by the conference committee, which will decide which will be accepted and, among those, which will be for oral, poster, or video presentation based on their overall quality, impact, and relevance to the conference.
- The abstract written in English should not exceed 500 words to be uploaded at the link given on the website (www.orp5ic.com). If you have any inquiries, please contact us.

Format of Abstract

- Title of the Abstract
(Concise, informative, in sentence case)
- Theme / Sub-Theme
(Select one major theme and a relevant sub-theme of ORP-5)
- Authors
First Author¹, Second Author², Third Author³
(Presenting author to be underlined)
- Affiliations
¹Department, Institution/University, City, Country
²Department, Institution/University, City, Country
- Corresponding Author
Name, Email ID

Abstract (Maximum 500 words)

The abstract should clearly present the background, objectives, methodology, key results, and conclusions. It must be structured into short, logical sections and should focus on original research, innovative practices, or case studies relevant to organic and natural rice production systems.

The abstract should include:

- Background and rationale of the study
- Objectives and research questions addressed
- Methodology/approach adopted
- Key findings or expected outcomes
- Significance and implications for sustainable, organic, and climate-resilient rice production

Avoid figures, abbreviations, and undefined acronyms. The content should be scientifically sound, clearly written, and aligned with the selected ORP-5 theme.

Keywords:

(3–5 keywords in alphabetical order, separated by commas)

Additional Guidelines

- Abstract: Up to 500 words or 2 double-spaced quarter-size pages (excluding title, authors, and keywords)
- Language: English
- Font: Times New Roman, 12 pt
- Spacing: Single-spaced
 - File format: MS Word (.doc/.docx)
 - Presentation type: Oral / Poster/video presentation (indicate preference)

Important Dates

- 20 January 2026: Call for Abstracts for Oral and Poster Presentations
- 20 January 2026: Start of Registration
- 25 August 2026: Deadline for Abstract Submission
- 27 August 2026: Notification of Abstract Status
- 15 September 2026: Deadline for Registration
- 21–25 September: ORP 5 Conference:
- 21st September 2026 (Monday): Inauguration, plenary sessions, and technical sessions, oral & poster presentations

- 22nd September 2026 (Tuesday): Plenary sessions, technical sessions, oral & poster presentations
- 23rd September 2026 (Wednesday): Plenary sessions, technical sessions, oral/poster & video presentations
- 24th September 2026 (Thursday): Interactions with Scientists, farmers, and field visits at IIFSR and farmers' fields
- 25th September 2026 (Friday): Open for Field Visit

Conference Venue: The conference venue will be at the **PHD Chamber of Commerce & Industry, New Delhi**

About the City:

The programme will be conducted in New Delhi. New Delhi, India's capital, is a vibrant blend of rich heritage and modern development. It is the political, administrative, and cultural heart of the country, hosting major national and international institutions, universities, research organisations, and diplomatic missions. The city is renowned for its historical monuments such as India Gate, Qutub Minar, Red Fort, and Humayun's Tomb, alongside modern infrastructure, wide boulevards, green spaces, and world-class conference facilities. New Delhi also serves as a major hub for education, science, agriculture, policy planning, and international cooperation. With excellent connectivity, diverse cuisine, and a cosmopolitan environment, New Delhi provides an ideal setting for international scientific exchange and professional networking.

- **How to Reach:** New Delhi is well connected nationally and internationally by air, rail, and road.
- **By Air:** Indira Gandhi International Airport (IGI), New Delhi, is one of South Asia's largest international airports, with direct flights from major cities across the world and all parts of India. The airport is approximately 15–18 km from the city centre and well connected by metro, taxi, and app-based cab services.
- **By Rail:** New Delhi is a major railway junction with important stations including New Delhi Railway Station, Hazrat Nizamuddin, and Old Delhi (Delhi Junction). Regular trains connect the city with all major Indian states.

By Road:

The city is linked through an extensive national highway network and is easily accessible by buses, private vehicles, and interstate transport services from neighbouring states such as Haryana, Uttar Pradesh, Rajasthan, and Punjab.

Local Transport:

The Delhi Metro provides fast, economical, and convenient transport

Registration: Registration for the conference started on 20 January 2026.

Prizes and Awards

Best Poster and oral/video presentations in each theme.

In addition, AIASA National Award 2026 will also be conferred during the 5th International Conference on Organic and Natural Rice Production Systems. Detailed guidelines are available at www.orp5ic.com/awards. The awards will be as follows:

1. AIASA National Award for Outstanding Leadership in Agriculture 2024 & 2025 - 2 Awards
2. Lifetime Achievement Award-2024 & 2025 - 2 Awards
3. Best Vice-Chancellor Award 2024 & 2025 - 2 Awards
4. Dr M.S. Swaminathan Award for Outstanding Master's Research in Agricultural and Allied Sciences - 8 Awards
5. Dr M.S. Swaminathan Award for Outstanding Doctoral Research in Agricultural and Allied Sciences - 8 Awards
6. Harit Ratna Awards 2024 & 2025 - 8 Awards
7. Krishi Jeevan Jyoti Award 2024 & 2025 - 2 Awards
8. Pragati Puraskar 2024 & 2025- 2 Awards
9. Student of the Year Award 2024 & 2025 - 14 Awards (Zone-wise)
10. AIASA Gold Medal 2024 & 2025 - 14 Awards (Zone-wise)
11. Best Teacher Award 2024 & 2025 - 2 Awards
12. Young Scientist Award 2024 & 2025 - 8 Awards
13. Harit Kranti Award 2024 & 2025 - 4 Awards
14. Harit Puraskar Award 2024 & 2025 - 10 Awards
15. Institution of Excellence Awards-5 Participation

The conference will be organised in both offline and online modes. Participants who wish to attend or present through online/video mode may register under the online participation category.

Registration form link:

www.orp5ic.com/registration

Registration Fee

Physical Mode

For Indian Delegates

- UG Students (AIASA Members): INR 2500
- PG Students/Research Scholars (AIASA Members): INR 3000
- UG Students (AIASA Non-Members): INR 3500
- PG Students/Research Scholars (AIASA Non-Members): INR 4000
- Scientists/Professionals (AIASA Members): INR 8000
- Scientists/Professionals (AIASA Non-Members): INR 10000
- Innovative Farmers (KKM/AIASA Members): INR 2700
- Innovative Farmers (Non KKM/Non AIASA Members): INR 3700

Virtual/Online Mode

For Indian Delegates

- UG Students (AIASA Members): INR 1000
- PG Students/Research Scholars (AIASA Members): INR 1500
- UG Students (AIASA Non-Members): INR 1300
- PG Students/Research Scholars (AIASA Non-Members): INR 1700
- Scientists/Professionals (AIASA Members): INR 2800
- Scientists/Professionals (Non-Members): INR 3600
- Innovative Farmers (KKM/AIASA Members): INR 900
- Innovative Farmers (Non KKM/Non-AIASA Members): INR 1300

For Foreign Delegates

Physical Mode:

- UG Students: \$250
- PG Students/Research Scholars: \$300
- Scientists/Professionals: \$500

Virtual/Online Mode:

- UG Students: \$25
- PG Students/Research Scholars: \$35
- Scientists/Professionals: \$50

General Information:

Registration kits:

- The registration fee for participants in physical mode covers participation in all scientific/technical sessions, the proceedings, and other soft-copy and printed materials of the conference, the welcome reception, refreshments, and lunches for the conference day event, and does not include accommodation charges.
- The registration kit for virtual candidates includes passes to the conference day events.
- The late fee will be Rs. 1000 or 20 USD (irrespective of any category) per person after the deadline.
- The registration fee for foreign delegates is in US dollars or equivalent in Indian Currency.

Insurance: The participants need to make their own arrangements with respect to health and travel insurance.

Visa: A valid visa is necessary as per government regulations for the overseas delegation. All the delegates are requested to apply at least 6 to 8 weeks before the proposed date of departure.

Language: The official language of the conference will be English.

Letter of Invitation: Individuals requiring an official letter of invitation to obtain a visa and authorisation to attend the conference should contact the Organising Secretary of the Conference. All expenses incurred in relation to participation in the conference are the sole responsibility of the conference.

Accommodation

The registration fee does not include accommodation charges. Limited accommodation is available in the government guest houses. Most of the delegates will have to stay in hotels. The participants may submit a request for a guest house booking at the link on the website. For hotel booking, they can directly contact the hotels. The tentative per-day hotel rates for hotels near the conference venue are given below. A wide range of hotels is available near the venue. The list of hotels and their tentative tariffs is as follows:

- 5-Star Hotels \$150-500 (INR14,000–45,000) per day diem/night
- Mid-range hotels \$100-200 (INR 10,000–20,000) per day, diem/night

Hotels near the venue

- Jaypee Siddharth (5-Star Hotel) \$ 130-170 /INR 12000-15000 per day, diem/night
- Hotel Amrapali Grand: INR 3500-5000 +taxes
- Bharat: INR 3,000–3,500
- Relax Inn: INR 5,000–6,000
- Hotel Nice Palace: INR 2,000+ tax single
- Hotel Metro: INR 3,000 + tax, single

Guest houses, per person per day, AC room

NASC Guest House: INR 1500-5000

ICAR-IARI/IASRI Guest House:

INR 500–1,500

These tariffs are based on current rates per day. An upward revision of about 10 to 15% is expected by the time of the Conference. Limited accommodation may be available for the Indian delegates in the various guest houses. Indian delegates interested in accommodation are requested to inform the organisers, preferably by July 31, 2026, to make bookings at guest houses. Foreign participants are requested to book their accommodation directly with the **Hotel at Jaypee Siddharth**.

Sponsorship

Diamond

- Amount of Sponsorship: Rs. 5 lakhs & above
- Presentation time: 10 minutes during any of the related technical sessions
- The registration fee for 3 representatives will be waived.
- The logo will be presented in all possible publications, websites, circulars, and a full-page colour advertisement will be published in the souvenir book on the inner pages.

Platinum

- Amount of Sponsorship: Rs. 4 lakhs
- Presentation time: 10 minutes during either of the related technical sessions
- The registration fee for 3 representatives will be waived.
- The logo will be presented in all possible publications, websites, and circulars, and a half-page colour advertisement will be published in the souvenir book in the inner pages

Gold

- Amount of Sponsorship: Rs. 2 lakhs
- Presentation time: 10 minutes during either of the related technical sessions

- The registration fee for 2 representatives will be waived.
- The logo will be presented at all possible publications, websites, and circulars, and a half-page colour advertisement will be published in the souvenir book in the inner pages

Silver

- Amount of Sponsorship: Rs. 1.0 lakh
- The registration fee for 1 representative will be waived.
- Logo will be presented at all possible publications, websites, and circulars

Bronze

- Amount of Sponsorship: Rs. 0.50 lakh
- The logo will be presented at all possible publications, websites, and circulars

Bank Account for sponsorship

- **Account Name: All India Agricultural Students Association**
- **Account Number: 44767771724**
- **Account type: Current**
- **IFSC: SBIN0005389**
- **Bank: State Bank of India, NSC Beej Bhawan, Pusa Complex, New Delhi-110012**
